MULDOON'S

An authentic cottage-style Irish pub that offers the quintessential atmosphere, food, and drinks that are true to its name.

"Great pub/restaurant in downtown Wheaton. I have been here many times with my friends for all sorts of occasions. The food is great, especially their Royal Burger. I have always received excellent service and will return whenever I am back in the Wheaton area."

- Yelp Review

"I really like this place! No holes barred, just good, wholesome pub food. My friend and I ordered salads and shared both - the steak salad and the grilled honey chicken with dried cherries. Both were nicely plated with a multitude of veggies, Asian pears, roasted walnuts, homemade dressings. We both wanted salads without a healthy dose of sodium and our server, Taylor, was happy to ask the kitchen staff what they could do. Perfect. The hot apple crisp crumble dessert was delicious as well. I think the dessert was \$6 and the salads were \$13 and \$15 and were more than ample. With a fantastic beer menu and the usual fountain drinks and tea, a huge menu of tempting treats and salads, sammie's and entrees, Muldoon's has that great quality, great price, thus, happy Irish pub guests!"
